

FUTURE FANTASY

	PAOLO SOLERI	PISA	3 LITTLE PIGS
CONTENT	Rich content includes careful focused attention to cryogenics, architecture, weather control, transportation, food production, pollution, medicine, and other topics.	Some futuristic issues are covered in depth.	Few issues are covered. Very superficial coverage.
POINT OF VIEW	Presents issues from many different facets that make audience think.	Obvious points of view.	Single points of view expressed.
PRESENTATION	Actors engaged and poised. Audience is attentive. Rehearsal is evident.	More rehearsal would have helped. Not all actors are poised and engaged.	Audience loses interest. Poor delivery.
GROUP SKILLS	Each actor has cooperated and had an equal hand in researching, writing and acting.	Not all actors contributed equally, but for the most part the group functioned well.	The group did not work as a team.
